

# Vision Statement

GSA advisors create environments that promote the safety and affirmation of all students and foster a culture of respect and care that extends throughout the entire school community. They serve as allies and advocates for our LGBTQIA+ students and their multiple intersecting identities which include race, ethnicity, gender identity, sexual orientation, religion, class, nationality, immigrant status, and ability. They cultivate a platform for student voice, agency, and activism so that **student-led** GSAs work towards educational justice for all.
